

Record and publish using My Media site

<https://mediasite.maastrichtuniversity.nl/Mediasite/MyMediasite>

Select radiobutton , Select change

New Presentation Details ✕

Name:

Description:

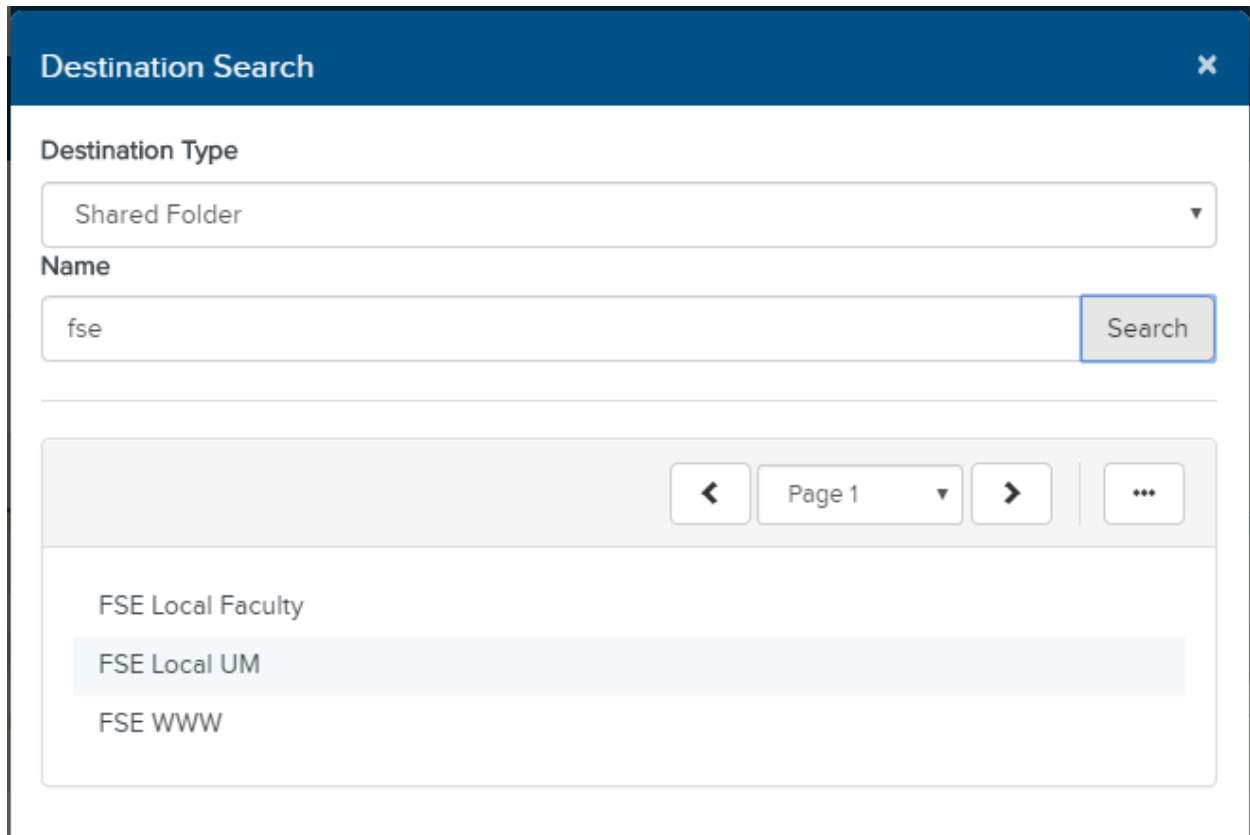

Destination: My Drafts Change

Create and Launch

Change “destination type”, to shared folder

Enter FSE select search

Select FSE Local Faculty or FSE local UM or FSE WWW.

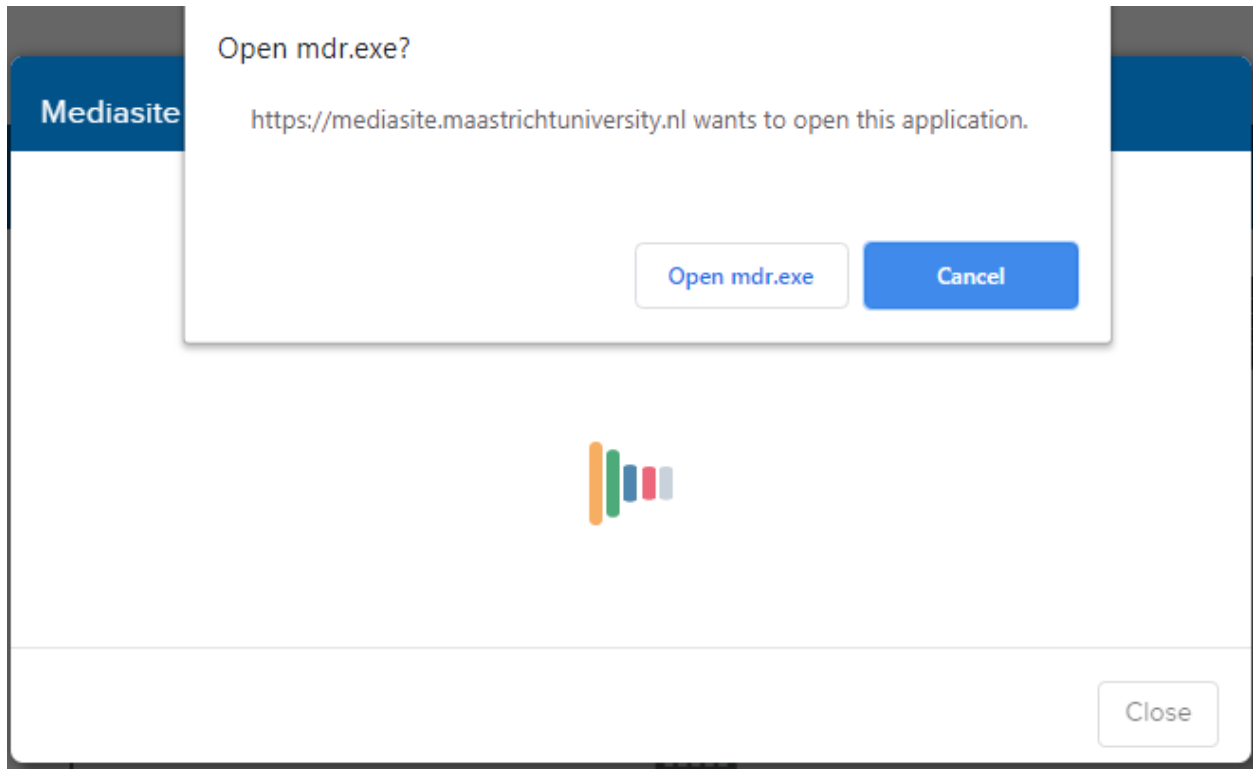

The screenshot shows a 'Destination Search' window with a blue header and a close button. Below the header, there is a 'Destination Type' dropdown menu set to 'Shared Folder'. Underneath is a 'Name' search field containing 'fse' and a 'Search' button. A horizontal line separates the search controls from the results area. The results area has a light gray header with navigation buttons: a left arrow, a 'Page 1' dropdown, a right arrow, and a three-dot menu. Below this header, three search results are listed: 'FSE Local Faculty', 'FSE Local UM' (which is highlighted with a light blue background), and 'FSE WWW'.

Select Create and Launch

Select

Open MDR.exe

Select what kind of recording you would like. Fi

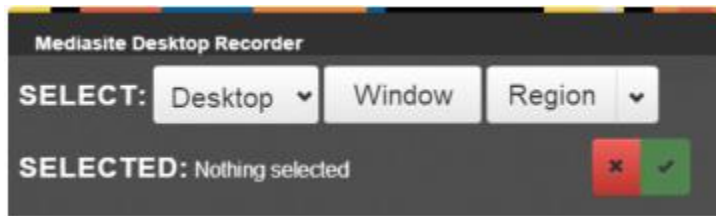

Will record your screen and will record a webcam video including sound.

Select Next (do not select record at this point!)

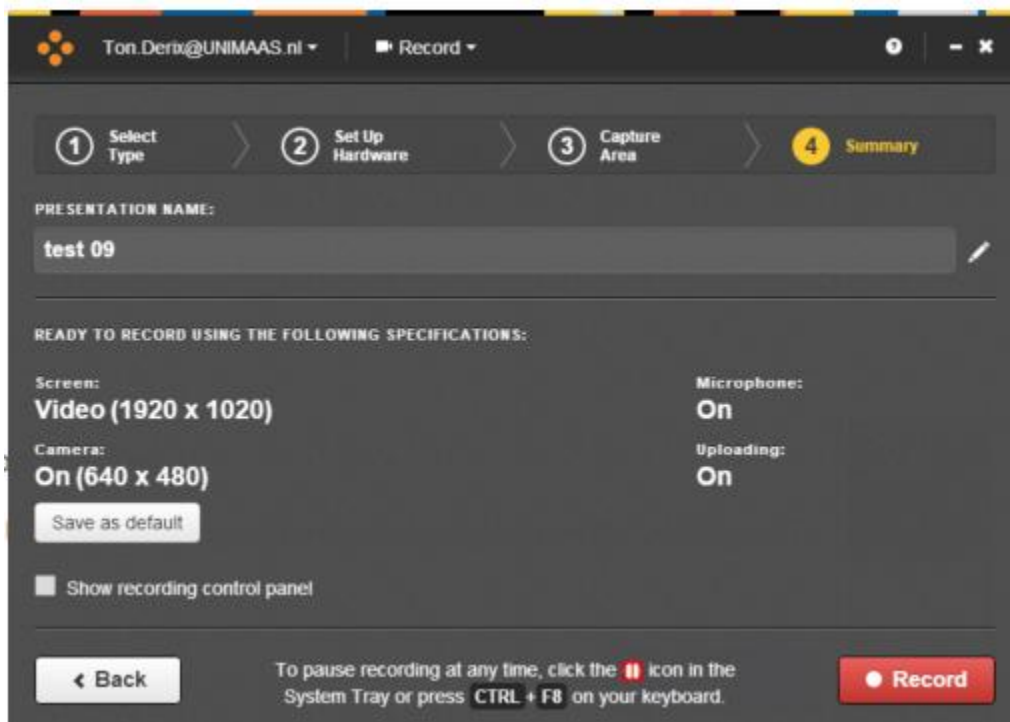

Next .

Select the option what you would like to record

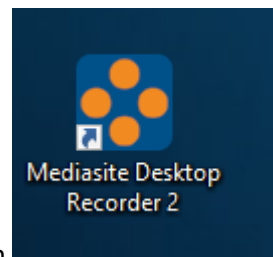

Confirm selection (green button)

Select record

After the countdown recording will start

Use MDR stop recording

If you don't see MDR , just start it again using the desktop item

In your mailbox 2 links, one to view the presentation, the other one to manage the presentation.
